**Worship Sharing**

Because of the difficulty are encountering we proposed a Worship Sharing to be held at Representative Meeting. The following queries were presented.

What is your vision for SCYM? What would it take to make that happen? How can you or others you might know, contribute to building that vision?

How are children part of your vision for SCYM?

What ways can we improve the process of educating and promoting opportunities to serve? How do we broaden the reach of Nominating Committee beyond our own individual Meetings/Quarterlies? Should we reconfigure how YM Nominating Committee is comprised?

## **Youth Program Proposal**

Nominating Committee have been unable for several years to find anyone to serve as Youth Program Coordinator. Since SCYM has been meeting in person again, the Youth Support Committee has stepped up incredibly to plan, coordinate and staff the youth program.

We reached out to the Youth Program Support Committee with a proposal that the Coordinator be a paid position. Currently, YM pays for their registration, camp housing and food, and reimbursement for supplies. The responsibilities of the Coordinator is vast, takes skill and finesse, and time-consuming. Especially since the Coordinator would work closely with the Youth Program Support Committee, we felt it essential that we have the feedback and hopefully their support. Unfortunately, at this time, we're not sure if they met regarding our proposal.

Nominating Committee proposes that the Youth Program Coordinator be a paid position. Youth Program Support Committee would be responsible for the selection, hiring, and supervision of this individual.
