

RIGHT SHARING OF WORLD RESOURCES REPORT

Representatives Meeting 2025

A summary of Right Sharing accomplishments for 2025 will be given at Yearly Meeting Sessions. This report presents an action item for Meetings, adults and children, to help foster gratitude. It is RSWR's Gratitude Curriculum.

With separate guides for adults and children, we can join together through various kinds of activities to notice how gratitude touches our lives. The lessons can be used as the basis for First Day School programs, or you can find activities you can do with your children.

Lessons include :

1. Gratitude for yourself
2. Gratitude for the human family
3. Gratitude for Community
4. Gratitude for Earth

The curriculum can be found at [rswr.org](https://www.rswr.org) under Share your Abundance and then Activities.
