

FRIENDS COMMITTEE ON NATIONAL LEGISLATION ADVOCACY TEAMS
2025 Representatives Meeting Report

FCNL has advocacy teams in all 50 states, therefore including Texas, Oklahoma, Arkansas and Louisiana. This report will cover the work of Advocacy Teams in Texas.

Texas has Advocacy Teams in North Texas, Austin, San Antonio and Houston, with varying levels of activity. The 2025 focus was "Aid, not Arms". A domestic flex issue was climate change. Some of the team members participated in:

1. A statewide virtual lobby visit with Senator Cornyn's office
2. Drop-by visits to Senate district offices
3. Meetings with Representative's offices
4. Postcard writing campaign for humanitarian aid and ceasefire in Gaza
5. Lots of phone calls and emails to elected officials

The focus for next year has not yet been announced. If you are interested in joining an Advocacy Team, please see someone you know on a team or contact Paula Keeth who can get you in touch with a team member in your state.
